About SCIC

We are a new generation development consulting company based in London. We undertake extensive research on social, environmental, economic and political development challenges in the mix. We undertake the crafting of integrated development strategies for implementation; and provide advice to governments, businesses and individuals focusing on needs and peculiarities of the customer. Our key drivers are high ethical values, quality and social enterprise.

Training:

Internal controls and assurance in the public sector – from inefficiency to high performance

This training will enable participants understand what internal control is, the purpose for internal control and how the performance of internal control systems can be assessed and measured. Internal control should support the achievement of public sector objectives and not present additional barriers and bureaucracy that delay the delivery of services. Internal control should enable accountability, ensure responsibility and improve system performance. **The COSO financial control integrated framework** will be used in providing this training.

Suitability

Participants should be public officers with internal control and accounting responsibilities.

Duration and delivery location

3 days in the UK. It can be organised overseas

Cost

The cost of packaged training for **groups of 10** will cover lodging, feeding, course materials, tutorials and **3 days** London city transportation including airport pickup. Please contact us to negotiate a quote.
